

Speakers

Jennifer Hurrell, PT, MS

Jennifer is the ACCE for the Community College of Rhode Island PTA Program. She holds an advanced Master of Science degree in Orthopedic Physical Therapy from Quinnipiac University and is currently working on earning her Doctor of Health Science degree through the University of St. Augustine. She practices part-time in the outpatient orthopedics setting and has been actively involved in clinical education for the last 20 years, serving in the capacity of a Clinical Instructor, CCCE, and ACCE. Jennifer is a Co-Chair of the PTA Consortium of New England Clinical Faculty Development Committee and is dedicated to looking for new ways to share clinical teaching strategies with clinical faculty, and to raise awareness about ways to organize effective and mutually rewarding student programs in various clinical settings. She has independently offered other clinical education related seminars in the state of Rhode Island and has been teaching the APTA Credentialed Clinical Instructor Program since 2006.

Pamela McIntosh PT, DPT, WCS

Pamela is a physical therapist at Addison Gilbert Hospital, member of Lahey Health, Gloucester Massachusetts. She has also held administrative titles such as site manager, and volunteer/ student coordinator. Her primary clinical interest is in the area of Orthopedics/Sports Medicine and Men and Women's Health. Pam received her DPT from the MGH Institute of Health Professionals in 2013, yet has had an interest in clinical education since graduating from the University of Connecticut in 1985. Since that time she has sat on facility and academic steering committees for clinical education, as well as serving as CI and CCCE. Pam's initial clinical education certification was received from the NEC-ACCE in 1996, followed by APTA Credentialed CI in 1997, Advanced Credentialed CI in 2009, and finally her Certification as a CCIP Trainer in October 2012. Pam enjoys fostering the success of both students and clinical instructors in the clinical setting, and her desire is to continue in this regard through both APTA CCIP programs and clinical practice.

Course Information

This program is recognized by the American Physical Therapy Association (APTA) as the Credentialed Clinical Instructor Program (CCIP) and is being offered by the New England PTA Consortium at Mount Wachusett Community College. It takes 16 hours to complete the entire program for CI education and credentialing.

The program addresses issues of planning and preparing for physical therapy and other health profession's students during their clinical learning experiences; developing learning experience and supporting ongoing learning through questioning and effective feedback. A discussion of legal and regulatory issues associated with clinical educators is addressed, including issues presented by ADA legislation. The program closes with developing skills in identifying and managing students with exceptional performance as well as students presenting with problems.

The "Assessment Center", available only to Physical Therapists and Physical Therapist Assistants, provides the participant with the opportunity to apply information from the program in simulated situations. Successful completion of each station in the Assessment Center results in the awarding of APTA CI Credentialing. The six stations of the Assessment Center have been integrated into the program schedule.

The Program and Assessment Center will be useful for both new and experienced Physical Therapist and Physical Therapist Assistant educators involved with clinical education. In addition, the Program is helpful for and available to clinical educators from nonphysical therapy providers based on a solid theoretical foundation. While the information presented covers the basic skills for clinical instructors, the interactive tasks and large & small group discussions will be of benefit even to experienced educators.

Successful completion of the program and its Assessment Center will result in the awarding of 1.6 CEUs/ 16 contact hours. See the Agreement of Participant for exceptions and more information.

Registration Instructions

Visit <http://www.neptac.org/cicredential> to complete your online registration and download the registration forms.

Complete and send the following documents to the contact person listed below via postal mail or email.
